

# COMMISSIONED ARTWORK

by

Anne-Marie Broughton

I am available for artwork commissions such as portraits of people or animals, specific fantasy art requests, or other art. I specialise in elvish, fairy and mermaid art using both traditional media (graphite and colour pencil drawings) and digital media (digital drawings using Wacom drawing tablet and Adobe Photoshop). My drawing style is realistic and all artworks are drawn by hand. I do not use 3D modelling software to create my artwork.

For portraits I require at least one high quality photograph of the subject. This photograph needs to be in focus. Please email me a digital copy of the photograph along with your instructions, whether you require a graphite, colour pencil, or digital drawing, what size artwork you require, plus your name, postal address and contact phone number.

I will confirm acceptance of your commission by email. At initial acceptance of the commission, I require a 50% deposit payment. This payment can be sent by Paypal, cheque or money order. Work will begin on your commission when your 50% payment is received.

Regular progress shots of the artwork can be emailed to you if required. As a rough guide an 8 x 10 inch graphite portrait takes approximately 1 month to complete. More complex artworks with detailed backgrounds and/or more than one person may take longer. Please discuss any deadlines for receipt of artwork at the time of booking your commission.

The final artwork can be personally delivered directly to you if you live in the Adelaide area, or alternatively I can send it via Registered Australia Post. A quote for delivery costs can be provided at the time of booking.

Upon delivery of the final artwork the final 50% payment will be required.

Final artworks are delivered un-framed. Picture framing is a very personal choice so I leave this up to you.

Digital artworks can be delivered in digital format if required. Please discuss your file format requirements at the time of booking your commission. Please note that my digital artworks are not vector based and are created in Adobe Photoshop.

*PLEASE NOTE: I reserve the right to sell any prints or create other marketing merchandise from your commission and I retain all copyright of my artworks.*

## TRADITIONAL ARTWORK

The following artwork sizes are based on regular photo frame sizes - therefore once you receive the final artwork you will be able to easily purchase a ready-made frame from any local framing shop.

Graphite		
8 x 10 inch graphite drawing	\$100	estimated completion 1 month
11 x 14 inch graphite drawing	\$150	estimated completion 1 month
Colour Pencil		
8 x 10 inch colour pencil drawing	\$150	estimated completion 1 month
11 x 14 inch colour pencil drawing	\$200	estimated completion 1 month

Larger sizes - Unfortunately I am not accepting commissions for larger sized *traditional artwork*.

## DIGITAL ARTWORK

Digital Drawings (in Photoshop using Wacom drawing tablet) - prices vary depending on final print size. The following print sizes are based on normal photo frame sizes.

8 x 10 inch digital drawing	\$165	estimated completion 2 months
11 x 14 inch digital drawing	\$205	estimated completion 2 months
16 x 20 inch digital drawing	\$220	estimated completion 2 months

I can also use regular Australian paper sizes for larger sized digital artwork if you prefer (A2, A1, A0). Please ask me for a specific quote. Digital drawings are printed on semi-gloss photo paper. 11 x 14 inch prints and larger prints are sent to a specialist wide-format printing house. Turn-around time for these prints is approximately 1 day.

To request a commission, please send an email to:
